

25' Class C Navion iQ

If you want comfort and style in a go-anywhere motorhome that is built to last, the Navion iQ stands alone. Combining the heralded Mercedes-Benz Sprinter chassis with Winnebago's legendary Super Structure construction, you get a coach that is fuel-efficient, powerful, and built to the highest standards. Thoughtful touches such as swivel cab seats with boosters and LED lighting show you that every detail was carefully considered. The Navion iQ is ideal for a couple or a small family of three.
